They never play offense because they are in on the scam. The Defense play is just to give you the illusion that they are doing something.

This all feels like controlled opposition a-la-foxnews type of operation.

Fuck That. This Fraud Will Not Stand.

Cruz was absent. Cruz is the fifth fool of conservative politics.

11 ▼ Please press this point. Hawley stood up McConnell, Literally, while these senators meekly followed McConnell. Now they want to put on the "principled Conservative" act, and fox is right there to prop em up alongside Nikki Haley.

2 ▼ Trump personally asked Ted to argue his case in front of SCOTUS if it was taken up and Cruz was going to do it. I trust Ted and he is the smartest Republican in Congress by a long shot.

A) He knows this has to be done by the Constitution and he has already laid out the precedent. He is laying the groundwork for this to be legally bulletproof so it will be done when it is done.

B) Cruz is smart enough to know that anybody screwing Trump is dead politically and he wants the MAGA crew in his corner in 2024. He is also a proud Texan and I am certain that he doesn't want to be hated by his own party in his home state.

Cruz is the constitutional expert and if he can pull Trump's bacon out of the fire, he will. If for no other reason than he knows he will steamroll through the 2024 primary if he does.

1 ▼ His only value is now. Same for all of us. There's no positioning the future. We stand now or we fall. Put his behaviour in context. I am a fan lately and now we see. Deferral is defeat. Will he defer? It's the only question after will he dispute in session. Stop the fucking steal, Ted.

1 ▼ You're an idiot. Maybe actually read the article.

“ A group of GOP senators led by Sen. Ted Cruz, R-Texas, **will object** to the Jan. 6 certification of the presidential election results next week **unless** there is an emergency 10-day audit of the results by an electoral commission.

Now do you think they will actually get that audit? Of course not. They just want to get say no to it on the record. ✓ o

1 Umm. So Hawley didn't declare his intent to object first? I think that's what leading means.

89 Failure theater. Michelle malkin has been calling it put for over a decade.

"We lost this time, but if you send us money and vote for us again we will get it next time...."

Repeat and repeat.

Trump, if the worst happens and Biden is selected on 6 january, should announce the republicans are the controlled opposition wing of the uniparty and start the america first party.

To be successful, he needs to have everyone of these senators on board before he makes the announcement. Mcconnel can then join his ccp friends in the democrat party openly

60 If you read the entire article Cruz is saying he wants to do this to restore confidence in the election. He wants a commission of 5 Senators, 5 Reps and 5 SC justices to review "possible evidence." So a kangaroo court will interview some of the people who committed the fraud then say, nothing happened and its all cool.

I read this as a ploy to stop a revolt. Since the commission would conduct a 10 day audit the coup would be pushed out past the 6th and we would all be back at our homes, the criminals safe. ✓

I am not a doomer and its good news these senators are aware of us and feeling the heat,

How are you going to stop Soros and CCP voting machine interference? Cheating tabulators have been around, probably since Bill Clinton days. I think you're dreaming. The rot is so extreme. Watching them cheat is not going to get a true count. It's now or never. Fix it now. No kicking the can down the road.

I am old enough to remember the Tea Party. The way I remember it though is they stood for an idea. The RINOs seemed to take over after a while and scattered it into the wind. The Tea Party was just happy to be embraced by the establishment, in which the establishment quickly betrayed them.

the TEA Party, was eradicated by the GOP, led by McConnell. Rush spoke about it at length at the time. The IRS Scandal was all about crushing all political opposition to the Uni-Party. Thats why the investigations went nowhere. Read also Sundance on the subject.

▼

DJT succeeded where the TEA Party failed, because he did not rely on any donors or groups to organize and fundraise for him. He bankrolled his own campaign, and then leveraged the media lust for eyes, to get his message out.

Some "tea party" candidates were just lip service - just people riding the ideological wave with no real personal commitment. Others that were elected often embraced the republican cronyism when in office. The money and influence was hard to resist.

5 Nope. End the GOP. It needs to be a meaningful party. Either coopt it from the inside or kill it. No point in voting R if all we get is D in everything but name.

It needs to be rebranded eventually though. Its a toxic brand. The Ds have already made it so the default choice for people from a societal perspective is democrat. That has to end and i think the brand is horribly damaged.

How about some facts: they're starting up concentration camps with NYC as the test ground. January 6 or Cell 6. It's our choice.

▼

New York has started covid Concentration Camps.

[Link to official government bill in here.](#)

“ 2. UPON DETERMINING A CASE, OR SUSPECTED CASE, ***IN THE OPINION THE GOVERNOR, AFTER CONSULTATION WITH THE COMMISSIONER,*** GOVERNOR MAY ORDER THE REMOVAL AND/OR DETENTION OF SUCH A

“ 5. (B) BE DETAINED IN A MANNER THAT IS CONSISTENT WITH RECOGNIZED **ISOLATION** AND INFECTION CONTROL PRINCIPLES

NYC already has a history of doing this.

Typhoid Mary was forced to choose between a deadly surgery and isolation for 20+ years, all supported by the fucking SUPREME! COURT!

“ The New York City health department physicians gave her an ultimatum: submit to an operation to remove her gall bladder or be imprisoned on the lazaretto. Abdominal surgery of that era was fraught with deadly complications and infections and Mary understandably rejected such a choice. The officials then, literally, sent her up the river to North Brother Island, where, under sections 1169 and 1170 of the Greater New York City Charter, she lived in a tiny brick bungalow until she was released in 1910.

TL;DR: they are giving the governor or anyone he choose the power to lock you or even **your entire family/church/militia** up if they even suspect that you might have come into contact with the 'vid. You will **be locked up in social isolation, (mentally tortured) into compliance** for as long as they deem "medically necessary."

15 ▼ The bill will be filed on January 6th, the first day of the legislative session in New York State. It hasn't passed and similar legislation introduced in previous sessions never passed.

It could pass, and it is dangerous, but please read your link carefully, it is proposed legislation, not a law or regulation.

This isn't the time for misinformation.

I think they passed this same kind of bill and have these same facilities in Canada. They took a page out of China's playbook. Has anyone seen those videos from earlier this year from China where law enforcement would drag people from their homes kicking and screaming to detain them in a quarantine facility (i.e. prison)? I know they couldn't quarantine at home and had to in a government facility for two weeks when they returned to China from abroad, earlier this year. It will happen everywhere if we allow it.

***CRUCIAL edit: upon further research, you are the dumbest of fucks and are spreading false hope. NYC already has a history of doing this. Typhoid Mary forced to choose between a deadly surgery and isolation for 20+ years, all supported by the fucking SUPREME! COURT!**

“ The New York City health department physicians gave her an ultimatum: submit to an operation to remove her gall bladder or be imprisoned on the lazaretto. First comment:

That's because it's time for energy.

If you really think they aren't going to use the CV as an excuse to actually pass this shit, then you haven't been paying attention. They've already started moving the Overton window in that direction with the tracking apps.

The fact that they even feel comfortable enough to suggest such a thing is reason enough to 1776.

"Buh- buh- but maybe they won't do this evil thing giving them control over our lives that they're totally capable of! They'll play nice. They definitely introduced the plan as a LARP."

That attitude of complacency got us here to begin with. Be in DC on the 6th or be in camps later. They're obviously going to wait for Biden/Harris to be president before they make any of their plans official.

I think we need to meme something into reality then.

New strain of covid causes COGNITIVE CHANGES

Causes covid positive patients to attack authority figures like cops, politicians, media types, etc

As such, no one who attacks these authority figures is legally liable, as it was clearly not their fault.

It was covid's fault. Not guilty by reason of insanity, but it's all good now that the covid has run its course. No charges necessary.

Please be more accurate.

New York has NOT started covid Concentration Camps.

There is a bill in the NY Assembly that *proposes* this. In this case it's Assembly Bill A416

Sponsored by Perry for the current session.

It's not law yet. The NY Legislator has passed nothing and Fredo's brother hasn't signed anything yet.

In this case, Perry has put forth this same bill since 2015 and it hasn't passed.

The Chinese Flu could provide additional support, this time, but since the earlier versions of this bill died, it suggests this one will too. As nuts as Andrew Cuomo is, this is the sort of legislation that ends your political life.

For any Bill or Resolution the number, the Committee it's in and the Sponsor(s) are what is needed to track any bill and to ensure the correct people are contacted. The sponsor can withdraw the bill or the Committee Chair, of the current committee it's referred to can hold it there where it dies. Only a small number of bills actually make it to law.

But keep a close eye. If the bill doesn't fail, it may be amended or folded into another bill or implemented as a regulation or executive order.

This applies to all legislative bills and resolutions in all 50 states, the Federal level as well as your local cities and towns.

1 Wood has presented NO PROOF. So far, he is just parroting the Leftist defamation that has been injected into cyberspace. Pence is a stalwart Christian vigorously defending Pro-Life. This makes him a Prime Target of the Left and the chosen.

6 If you read the entire article Cruz is saying he wants to do this to restore confidence in the election. He wants a commission of 5 Senators, 5 Reps and 5 SC justices to review "possible evidence." So a kangaroo court will interview some of the people who committed the fraud then say, nothing happened and its all cool.

I read this as a ploy to stop a revolt. Since the commission would conduct a 10 day audit the coup would be pushed out past the 6th and we would all be back at our homes, keeping the criminals safe.

I am not a doomer and its good news these senators are aware of us and feeling the heat, but a stinking rubber stamp commission shifts the responsibility off their shoulders where it belongs and aint good enough.

13 What's funny is that Cruz doesn't rely on fraud claims. He's focused on the constitutionality (or lack thereof) of the election on the basis of state officials bypassing their legislatures to modify election procedures and timelines

8 I mean, he clearly points out fraud in his official statement:

▼ "Voter fraud has posed a persistent challenge in our elections, although its breadth and scope a disputed. By any measure, the allegations of fraud and irregularities in the 2020 election exceed our lifetimes."

Twice, the Supreme Court had the opportunity to do so; twice, the Court declined."

18 ▼ Everyone seems excited by this, but could someone explain why this isn't utter bullshit? From the article:
"A group of GOP senators led by Sen. Ted Cruz, R-Texas, will object to the Jan. 6 certification of the presidential election results next week unless there is an emergency 10-day audit of the results by an electoral commission."

A TEN DAY FUCKING AUDIT. TAKING US PASS THE JAN 6TH DATE.

All this does is set up a bullshit commission AFTER the certification of Biden, who will inevitably conclude that "fraud occurred, but did not change the outcome".

Meanwhile, our gigantic protest on the 6th will have been defused.

Can someone explain why this isn't a gigantic con job designed to destroy the protest on the 6th?

Nope, what will do is say, "There were irregularities, but electors were appointed constitutionally, therefore the was free and fair." ✓ n

8 I like this approach. It's attacking the problem from two sides.

▼ Hawley is straight up opposing certification. It's going for all-or-nothing, which is bold but also intimidates most of the cowards in Congress since it seems unprecedented (even though it isn't, as constitutional scholars and historians show).

Cruz, on the other hand, offers a very reasonable alternative: agree to a hardcore, expedited investigation that will be done before inauguration, or we join Hawley's position. "Not another investigation" you say... but here's the thing, we never have actually had a true on-the-congressional-record investigation. Everything so far has been sabotaged by the states.

We all know (hell, everyone knows) if there is an audit then Trump won hands down. We've been unable through courts or Democrat-led election officials to get a true audit performed all these months. I suspect that Cruz knows exactly where the bodies are buried and knows exactly which are the most offensive/illegal votes and so that will be what the commission will attack. They only need a few thousand votes thrown because the margins are so ridiculously thin. ✓

[permalink](#) [save](#) [report](#) [block](#) [reply](#) [farfiman](#) 2 months ago +5 / -2 3 Depends who does the audit.[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#) [nowrongwrong](#) 2 months ago +4 / -1 3 I have no doubt it will be televised like every other Congressional committee, which means it would be every American doing the audit.

We have had slam dunks when we have been given the opportunity to make presentations before state legislatures. Doing that before Congress will produce the same result. Even with Democrats on the committee, what exactly can they introduce to disprove the evidence?

-1 The problem is that an objection to a state only succeeds if both House and Senate vote to uphold it. That's every member, not "state delegations" as in a contingent election. The House is Dem-controlled so it will NEVER vote to uphold any objection to any of the disputed states. So regardless of what the Senate does, all the objections will fail, and the certified fake electoral votes from those states will count.
